Dear Mr. and Mrs. Devlin,

I am reaching out to you in order to give you an update on my Colgate experience and thank you once again for your generous support of my Colgate education through the Delta Kappa Epsilon Endowed Scholarship.

Throughout my senior year, I have continued my studies in political science while also wrapping up my psychology minor requirements. My term as president of my Phi Kappa Tau ended this past November and since then, I have continued serving the fraternity in an advisory role, assisting the current president with fraternity operations and offering advice when necessary. In addition to my continued role within my fraternity, I have spent much of my free time searching for a creative position within a media organization.

As my time at Colgate dwindles, I think back on my years in Hamilton with great memories, none of which would have been possible without your generous support. While at Colgate I have learned a lot about myself and what I hope to do with the rest of my life. Through my studies as a political science major I discovered my love of writing, and I hope to continue my writing career in political journalism.

I cannot thank you enough for assisting in my professional and personal development. I will always be grateful to Colgate and wonderful alumni like you for the wonderful opportunities you have provided.

Sincerely,  
Jack Crowe

Colgate
