Spring 2015

Dear Mr. and Mrs. Devlin,

I am reaching out to you in order to give you an update on my Colgate experience and thank you once again for your generosity through the Delta Kappa Epsilon Endowed Scholarship.

Throughout my junior year I have continued my studies in political science, and I have also decided to add a second psychology major. I have also become more deeply involved with my fraternity; I was elected president of the fraternity this past November. As president, I am responsible for managing all fraternity operations, running our weekly chapter meetings, and overseeing our executive board. Serving as president has been extremely rewarding and has helped me to hone my leadership and managerial skills.

In addition to my involvement with Phi Kappa Tau, I have continued my participation in Let's Get Ready (LGR), an organization that provides SAT tutoring for local high school students. I decided to continue working with LGR to assist local high school students in preparing for the critical reading section of the SAT because of the great experience I had with LGR last year.

While I have certainly been busy this year I have really enjoyed my time on campus and I hope to continue to take full advantage of all that Colgate has to offer. All of these wonderful opportunities would not have been possible without your support, and for that I thank you.

Sincerely,  
Jack Crowe
